

First ATiD Hebrew lesson- 09/10

Opening: today's subject

Present myself and the lessons we will do.

We will play the game "הרוח נושבת על" in order to get to know each other.

Activity:

K&1-

We will play a memory matching game with the Hebrew alphabet. Every time they'll get a match we will write the letter on the board. I'll tell them that during the year we will learn all the alphabet and more stuff.

2&3-

I'll hang posters around the room with questions or tasks about Israel and Hebrew. We will go around their answers. I'll explain them that during the year we will learn some Hebrew and about Israel. Then we will play the memory matching game.

4&7-

I'll hang posters around the room with questions or tasks about Israel and Hebrew. We will go around their answers. I'll explain them that during the year we will learn some Hebrew and about Israel. We will play קרם game. I'll

hide a picture of a city in Israel and they'll need to find it. I'll explain them that during the year we will learn mostly conversational Hebrew. *we might also play the memory game.

Conclusion:

What are your expectations for this year?
